SALINA 42

“ Essence of Mediterranean Living“

Conceived from the experience of Mediterranean boating, SALINA 42 Open brings together elegance, comfort and performance in perfect harmony.
Clean, timeless lines reflect the finest tradition of Italian design, while the hull, drawing inspiration from American sportfishing boats, delivers a confident, smooth and exhilarating ride, even in demanding sea conditions.

SALINA 42 *racchiude l'essenza del vivere il mare secondo Lilybaeum Yacht. Linee pulite e senza tempo interpretano la migliore tradizione del design italiano, mentre lo scafo, ispirato ai Fisherman d'altura americani, offre una navigazione sicura, confortevole e performante anche nelle condizioni di mare più impegnative.*

SALINA 42

Design Without Excess

The deck layout of the SALINA 42 has been conceived to deliver generous living space, freedom of movement and a natural sense of balance.

From the expansive swim platform, seamlessly integrated into the yacht's profile, to the spacious foredeck sun lounge, every detail follows a clear design philosophy: removing the unnecessary to enhance what truly matters.

SALINA 42 è concepita per far vivere il mare nella sua forma più autentica. Il layout di coperta è stato progettato per offrire spazio, libertà, armonia.

Dall'ampia plancetta di poppa, perfettamente integrata nel profilo dello yacht, al grande solarium di prua, ogni elemento segue una precisa filosofia: eliminare il superfluo per esaltare l'essenziale.

Performance and Confidence

To suit different cruising styles and Owner preferences, the SALINA 42 is available with two propulsion configurations.
A *triple outboard* installation offers exhilarating performance and maximum versatility, while the *Sterndrive* configuration provides refined comfort, excellent efficiency and an exceptionally smooth cruising experience.

Per soddisfare le diverse esigenze degli armatori, SALINA 42 è disponibile con due differenti configurazioni di propulsione.
Tripla motorizzazione fuoribordo (F.B.), per chi ricerca prestazioni sportive e massima versatilità, e motorizzazione entrofuoribordo (E.F.B.), ideale per offrire comfort, efficienza e grande piacere di navigazione.

SALINA 42
