SALINA 42

“ The art of timeless cruising “

Every yacht embodies a vision of the sea, a culture of navigation and a distinctive sense of beauty. The SALINA 42 – Lobster expresses this philosophy through a design that brings together the timeless identity of the lobster boat with Italian innovation and craftsmanship.
A carefully considered balance of character, functionality and comfort, where tradition becomes the inspiration for a new vision of the contemporary yacht.

SALINA 42

Classic Soul, Modern Performance

The deep-V hull, paired with a high, flared bow, reflects the design philosophy of the Lilybaeum Yacht range, with the aim of delivering stability, precision and cruising comfort, even in adverse sea conditions.
The choice between two configurations — triple outboard propulsion or Sterndrive propulsion — allows the yacht's character to be tailored to the owner's preferences.

La carena a V profonda, abbinata a una prua alta e svasata, riprende la filosofia progettuale della gamma Lilybaeum Yacht, con l'obiettivo di assicurare stabilità, precisione e comfort di navigazione anche in condizioni di mare impegnative.
La doppia possibilità di configurazione, con tripla motorizzazione fuoribordo (F.B.) oppure motorizzazione entrofuoribordo (E.F.B.), permette di adattare il carattere dello yacht alle preferenze dell'armatore.

Contemporary Heritage

Carefully selected materials, refined finishes and meticulous craftsmanship enhance every element of the yacht, expressing an authentic elegance free from excess.
Every space can be customised to reflect the owner's individual taste through an exclusive selection of materials, colours and finishes, making each SALINA 42 – Lobster a truly unique yacht.
